

MOTOR NEURONE DISEASE LEARNING PATH

This learning path includes a number of sessions that will support professionals in caring for people living with MND.

Two sessions have a specific focus on MND:

[05_04 Initiating conversations about EoLC: long term neurological conditions](#)

[05_06 and Case Study Motor Neurone Disease](#)

Other sessions address some key challenges that arise in the care of people with MND and some sessions will help professionals ensure that care is focussed on the holistic needs of patients and their families.
