

MODULE 1 - ESSENTIALS

125 sessions

01_01 - Introduction to Plastic, Reconstructive and Aesthetic Surgery

01_01_01 The Specialty of Plastic, Reconstructive and Aesthetic Surgery		Status
01_01_01_01	What is plastic surgery?	Live
01_01_01_02	The history of plastic surgery	Live
01_01_02 Professional Matters in Plastic Surgery		Status
01_01_02_01	How to conduct an effective consultation in plastic surgery	Live
01_01_02_02	Medicolegal considerations in plastic surgery	Live
01_01_02_03	The plastic surgeon as a witness in court proceedings	Live
01_01_02_04	Ethical issues in plastic surgery	Live
01_01_02_05	The role of research in plastic surgery	Live
01_01_02_06	Plastic surgeons as innovators	Live
01_01_02_07	Reflective practice in plastic surgery	Live
01_01_02_08	Critical appraisal skills	Live
01_01_03 Psychological Aspects of Plastic Surgery		Status
01_01_03_01	Body dysmorphic disorder	Live
01_01_03_02	Dealing with disfigurement	Live
01_01_03_03	Patients with self-inflicted injuries	Live
01_01_03_04	Post-traumatic stress disorder	Live
01_01_03_05	Patient support groups	Live
01_01_03_06	Supporting the families of plastic surgery patients	Live
01_01_03_07	Patient dissatisfaction with the outcome of surgery	Live

01_02 - Skin

01_02_01 Skin Structure		Status
01_02_01_01	Structure and function of normal skin	Live
01_02_01_02	Blood supply of the skin	Live
01_02_02 Skin Injury		Status
01_02_02_01	Healing of skin wounds	Live
01_02_02_02	Management of skin wounds	Live
01_02_02_03	Gunshot and blast injuries	Live
01_02_02_04	Sharp force injuries	Live
01_01_02_05	Human and animal bites	Live
01_01_02_06	Extravasation injury	Live
01_02_03 - Scars		Status
01_02_03_01	Normal scars	Live
01_02_03_02	Hypertrophic and keloid scars	Live
01_02_03_03	Atrophic and stretched scars	Live
01_02_03_04	Scar contractures	Live

01_02_03_05	Acne scarring	Live
01_02_04 Skin Infections		Status
01_02_04_01	Acute wound infections	Live
01_02_04_02	Chronic wound infections	Live
01_02_04_03	MRSA in plastic surgery patients	Live
01_02_04_04	Topical therapy for wound infections	In progress
01_02_04_05	Systemic antibiotics in wound infections	Live
01_02_04_06	Necrotising fasciitis	Live
01_02_04_07	Management of skin lesions in meningococcal septicaemia	Live
01_02_04_08	Hidradenitis suppurativa	Live
01_02_05 Benign Acquired Pigmented Skin Conditions		Status
01_02_05_01	Benign melanocytic skin lesions	Live
01_02_05_02	Disorders of skin pigmentation	In progress
01_02_06 Benign Acquired Non-Pigmented Skin Conditions		Status
01_02_06_01	Benign follicular and sebaceous adnexal tumours	Live
01_02_06_02	Actinic keratosis, Bowen's disease and keratoacanthoma	Live
01_02_06_03	Seborrhoeic keratosis	Live
01_02_06_04	Epidermal nevus	Live
01_02_06_05	Cysts of the epidermis	Live
01_02_06_06	Histiocytoma including dermatofibroma	Live
01_02_06_07	Pyogenic granuloma	Live
01_02_06_08	Tumours of fat	Live
01_02_06_09	Ectopic calcification of the skin and soft tissues	Live
01_02_06_10	Rosacea and perioral dermatitis	Live
01_02_06_11	Hirsutism and unwanted body hair	Live
01_02_06_12	Tattoos	Live
01_02_06_13	Sweating disorders	Live
01_02_06_14	Lymphoedema	Live
01_02_06_15	Benign sweat gland tumours	Live
01_02_07 Skin Ulcers		Status
01_02_07_01	Skin ulcers - aetiology and pathology	Live
01_02_07_02	Skin ulcers - assessment	Live
01_02_07_03	Skin ulcers - management	Live
01_03 - Nervous System		
01_03_01 Peripheral Nerves		Status
01_03_01_01	Peripheral nerve injuries and healing	Live
01_03_01_02	Peripheral nerve compression syndromes	Live
01_03_02 Tumours of Nerve and Nerve Sheath		Status

01_03_02_01	Peripheral nerve tumours	Live
01_03_02_02	Neurofibromatosis	Live

01_04 - Musculoskeletal System

01_04_01 Muscle and Tendon		Status
01_04_01_01	Histology of muscle and tendon	Live
01_04_01_02	Healing following muscle and tendon injuries	Live
01_04_01_03	Principles of tendon grafts	Live
01_04_01_04	Muscle tumours	Live
01_04_02 Bone and Joint		Status
01_04_02_01	Histology of bone and cartilage	Live
01_04_02_02	Classification of fractures and joint injuries	Live
01_04_02_03	Fractures and bone healing	Live
01_04_02_04	Sequelae of joint injury	In progress
01_04_02_05	Principles of bone grafts	Live

01_05 - Immune System

01_05_01 Immunology		Status
01_05_01_01	Immunity	Live
01_05_01_02	Allergy and inflammatory response	Live
01_05_01_03	Systemic inflammatory response and multiple organ failure	Live
01_05_01_04	Principles of transplant immunology	Live
01_05_02 Principles of Oncology		Status
01_05_02_01	Carcinogenesis	Live
01_05_02_02	The role of multidisciplinary teams in the management of cancer	Live
01_05_02_03	Cancer networks	Live
01_05_02_04	Data collection in cancer care	Live
01_05_02_05	Management of regional lymphadenopathy in cancer	Live
01_05_02_06	The effects of sunlight on the skin	Live
01_05_03 Non-Melanoma Skin Cancer		Status
01_05_03_01	Basal cell carcinoma	Live
01_05_03_02	Squamous cell carcinoma	Live
01_05_03_03	Paget's disease	Live
01_05_03_04	Malignant dermal tumours	Live
01_05_03_05	Malignant adnexal tumours	Live
01_05_03_06	Metastases in the skin	Live
01_05_04 Melanoma		Status
01_05_04_01	Melanoma - pathogenesis, epidemiology and risk factors	Live
01_05_04_02	Clinical variants of melanoma	Live
01_05_04_03	Staging and prognosis of melanoma	Live

01_05_04_04	Evidence base for excision margins in melanoma	Live
01_05_04_05	Surgical management of metastatic melanoma	Live
01_05_04_06	Systemic therapy for melanoma	Live
01_05_04_07	Isolated limb perfusion in melanoma	Live
01_05_04_08	Palliative care in melanoma	Live

01_05_05 Sarcoma	Status
-------------------------	---------------

01_05_05_01	Pathology and staging of sarcoma	Live
01_05_05_02	Angiosarcoma	Live
01_05_05_03	Biopsy and excision techniques in sarcoma	Live
01_05_05_04	Adjuvant therapy in sarcoma	Live
01_05_05_05	Management of regional lymph nodes in sarcoma	Live

01_06 - Blood and Blood Vessels

01_06_01 Blood Transfusion	Status
-----------------------------------	---------------

01_06_01_01	Haemovigilance in the UK and Republic of Ireland	Live
01_06_01_02	Blood group serology 1	Live
01_06_01_03	Requesting procedure	Live
01_06_01_04	Sampling procedure	Live
01_06_01_05	Collection procedure	Live
01_06_01_06	Administration procedure	Live
01_06_01_07	Management of transfused patient	Live
01_06_01_08	Laboratory	Live
01_06_01_09	Safe and appropriate transfusion practice	Live
01_06_01_10	Blood group serology 2	Live
01_06_01_11	Red blood cells	Live
01_06_01_12	Platelets	Live
01_06_01_13	Plasma components	Live
01_06_01_14	Massive transfusion	Live
01_06_01_15	Plasma derivatives	Live
01_06_01_16	Adverse effects of transfusion	Live

01_06_02 Haemostasis	Status
-----------------------------	---------------

01_06_02_01	Normal mechanisms of haemostasis and coagulation	Live
01_06_02_02	Disorders of haemostasis and coagulation	Live

01_06_03 Venous Thrombo-embolism	Status
---	---------------

01_06_03_01	Demographics, epidemiology and risk factors for VTE	Live
01_06_03_02	Methods of thromboprophylaxis	Live
01_06_03_03	Implementation of thromboprophylaxis in hospitals	Live

01_06_04 Blood Vessels	Status
-------------------------------	---------------

01_06_04_01	Structure of blood vessels	Live
-------------	----------------------------	------

- 01_06_04_02 Blood vessel injuries and healing
- 01_06_04_03 Vascular neoplasia
- 01_06_04_04 Telangiectasia

MODULE 2 - SURGICAL PRINCIPLES

90 sessions

02_01 - Preparation for Plastic Surgery

02_01_01 Preparation of the Plastic Surgery Patient		Status
02_01_01_01	Preoperative assessment of the plastic surgery patient	Live
02_01_01_02	Issues of informed consent in plastic surgery	Live
02_01_01_03	Role of photography in plastic surgery	Live
02_01_02 Preparation of the Surgical Team		Status
02_01_02_01	Learning and teaching in the operating theatre	Live
02_01_02_02	Team behaviour in the operating theatre	Live
02_01_02_03	Thinking and planning in surgical procedures	Live
02_01_02_04	Dealing with the unexpected during surgical procedures	Live
02_01_03 Principles of Anaesthesia		Status
02_01_03_01	Principles of general anaesthesia	Live
02_01_03_02	Principles of local anaesthesia	Live
02_01_03_03	Principles of regional nerve blocks	Live
02_01_03_04	Principles of invasive and non-invasive monitoring	Live

02_02 - Operative Techniques in Plastic Surgery

02_02_01 Initial Steps in Plastic Surgical Procedures		Status
02_02_01_01	Preparation of the surgical site	Live
02_02_01_02	Planning the orientation of skin incisions	Live
02_02_01_03	Assessment of complex wounds	Live
02_02_02 Biopsy Techniques in Plastic Surgery		Status
02_02_02_01	Fine needle aspiration cytology	In progress
02_02_02_02	Taking the right biopsy	Live
02_02_02_03	Histopathology and laboratory processes	Live
02_02_02_04	Moh's micrographic surgery	Live
02_02_03 Microsurgery		Status
02_02_03_01	The role of magnification in plastic surgery	Live
02_02_03_02	Principles of nerve repair	Live
02_02_03_03	Principles of microvascular anastomosis	Live
02_02_04 Control of Bleeding During Surgery		Status
02_02_04_01	Safe use of unipolar and bipolar diathermy in plastic surgery	Live
02_02_04_02	Blood conservation techniques in plastic surgery	Live
02_02_05 Wound Closure		Status
02_02_05_01	Suture materials and needles	Live
02_02_05_02	Advanced suturing techniques for plastic surgeons	In progress
02_02_05_03	Topical negative pressure therapy	Live
02_02_05_04	Principles of tissue expansion	Live

02_02_05_05	The role of wound drains	Live
02_02_06 Reconstructive Surgery		Status
02_02_06_01	The principles of planning reconstructive surgery	Live
02_02_06_02	Scar revision	In progress
02_02_06_03	Alloplastic materials in plastic surgery procedures	Live
02_02_06_04	Prosthetics in plastic surgery	Live
02_02_06_05	Osseointegrated implants in plastic surgery	Live
02_02_06_06	Tissue engineering and regenerative medicine	Live
02_02_07 Skin Grafts		Status
02_02_07_01	Split thickness skin grafts	Live
02_02_07_02	Full thickness skin grafts	Live
02_02_07_03	Composite grafts	In progress
02_02_07_04	Skin substitutes	Live
02_02_08 Skin Flaps		Status
02_02_08_01	Principles of skin flaps	Live
02_02_08_02	Local skin flaps	Live
02_02_08_03	The tubed pedicle flap	Live
02_02_08_04	Deltpectoral flap	Live
02_02_08_05	Groin flap	Live
02_02_08_06	Perforator flaps	Live
02_02_08_07	Radial forearm flap	Live
02_02_08_08	Lateral arm flap	Live
02_02_08_09	Scapular and parascapular flaps	Live
02_02_08_10	Anterolateral thigh flap	Live
02_02_08_11	Dorsalis pedis flap	Live
02_02_08_12	Cross-leg fasciocutaneous flap	Live
02_02_08_13	Fibular flap	In progress
02_02_09 Muscle Flaps		Status
02_02_09_01	Muscle flaps	Live
02_02_09_02	Rectus abdominis flap	Live
02_02_09_03	Pectoralis minor muscle flap	Live
02_02_09_04	Pectoralis major muscle and musculocutaneous flap	Live
02_02_09_05	Latissimus dorsi flap	Live
02_02_09_06	Deep circumflex iliac artery flap	Live
02_02_09_07	Gracilis flap	Live
02_02_10 Body Contouring		Status
02_02_10_01	Principles of liposuction	Live
02_02_10_02	Liposculpture	Live

02_02_10_03	Fat transfer	Live
02_02_10_04	Injectable dermal fillers	Live

02_02_11 Bone Fixation	Status
-------------------------------	--------

02_02_11_01	Splints and casts	Live
02_02_11_02	External fixation of bone	Live
02_02_11_03	Internal fixation of bone	In progress
02_02_11_04	Bone grafting	Live

02_03 - Lasers in Plastic Surgery

02_03_01 Core of Knowledge for Lasers and Related Devices	Status
--	--------

02_03_01_01	The electromagnetic spectrum	Live
02_03_01_02	What is a laser?	Live
02_03_01_03	Laser-tissue interactions	Live
02_03_01_04	Intense pulsed light and LED devices	Live
02_03_01_05	Radiofrequency devices	Live
02_03_01_06	Beam and non-beam hazards of lasers and other optical radiation devices	Live
02_03_01_07	Creating a safe environment for the use of lasers and other related devices	Live
02_03_01_08	How to use lasers and other optical radiation devices safely	Live
02_03_01_09	Laser core of knowledge assessment	Live

02_03_02 Clinical Uses of Lasers and Intense Pulsed Light Systems	Status
--	--------

02_03_02_01	Lasers and IPL for vascular lesions	Live
02_03_02_02	Lasers and IPL for pigment removal	Live
02_03_02_03	Lasers for ablation and resurfacing	Live
02_03_02_04	Lasers for hair removal	Live
02_03_02_05	Photodynamic therapy	Live

02_04 - Postoperative Care

02_04_01 Postoperative Wound Care
--

02_04_01_01	Dressings for surgical wounds	Live
02_04_01_02	Management of the bleeding wound	Live
02_04_01_03	Postoperative management of flaps	In progress

02_04_02 Patient Care Following Plastic Surgery	Status
--	--------

02_04_02_01	Fluid balance following surgery	In progress
02_04_02_02	Analgesia and antiemetics	Live
02_04_02_03	Metabolic response to injury and surgery	Live
02_04_02_04	Principles of nutrition in the critically ill	Live
02_04_02_06	Methods of enteral and parenteral nutrition	Live
02_04_02_07	Postoperative complications in general	Live
02_04_02_08	Pathophysiology of blood loss	Live

MODULE 3 - Head and Neck

149 sessions

03_01 - General Principles of Head and Neck Surgery

03_01_01 Anatomy of the Head and Neck		Status
03_01_01_01	Applied anatomy of the orbit and eyeball	Live
03_01_01_02	Applied anatomy of the eyelids	Live
03_01_01_03	Applied anatomy of the skull base	In progress
03_01_01_04	Applied anatomy of the nose and paranasal sinuses	In progress
03_01_01_05	Applied anatomy of the mouth and tongue	In progress
03_01_01_06	Applied anatomy of the lips	In progress
03_01_01_07	Applied anatomy of the pinna	Live
03_01_01_08	Applied anatomy of the anterior triangle of the neck	In progress
03_01_01_09	Applied anatomy of the posterior triangle of the neck	Live
03_01_01_10	Lymphatic drainage of the head and neck	In progress
03_01_01_11	Imaging in the head and neck	
03_01_02 Surgical Techniques in the Head and Neck		Status
03_01_02_01	How to perform regional nerve blocks in the head and neck	Live
03_01_02_02	Cosmetic units and planning incisions in the face	Live
03_01_02_03	Harvesting a calvarial bone graft	Live
03_01_02_04	Performing a temporal artery biopsy	Live
03_01_02_05	Acute airway obstruction	In progress

03_02 - Plastic Surgery of the Scalp and Forehead

03_02_01 Scalp Wounds		Status
03_02_01_01	Initial management of scalp wounds	In progress
03_02_02 Scalp Reconstruction		Status
03_02_02_01	Principles of reconstruction of the scalp and forehead	In progress
03_02_02_02	Tissue expansion in the scalp	Live
03_02_03 Aesthetic Procedures of the Scalp and Forehead		Status
03_02_03_01	Alopecia - causes and treatment	
03_02_03_02	Brow ptosis - causes, assessment and treatment	In progress

03_03 - Plastic Surgery of the Mid-Face and Orbits

03_03_01 Introduction to Surgery of the Mid-Face and Orbits		Status
03_03_01_01	Soft tissue infections of the face	
03_03_01_02	Radiological assessment of midfacial and orbital fractures	In progress
03_03_02 Trauma of the Mid-Face and Orbits		Status
03_03_02_01	Mechanism and patterns of soft tissue injury of the face	Live
03_03_02_02	Assessment of the patient with severe facial trauma	Live
03_03_02_03	Assessment of the injured globe, eyelids and orbit	Live

03_03_02_04	Injuries of the lacrimal gland and nasolacrimal duct	In progress
03_03_02_05	Repair of skin wounds of the eyebrow and eyelids	Live
03_03_02_06	Aetiology and classification of orbital fractures	In progress
03_03_02_07	Management of fractures of the orbital floor	Live
03_03_02_08	Management of fractures of the naso-orbito-ethmoid complex	
03_03_02_09	Secondary reconstruction of the orbit	

03_03_03 Facial Reconstruction	Status
---------------------------------------	--------

03_03_03_01	Reconstruction of the cheek	Live
03_03_03_02	Facial transplantation	In progress

03_03_04 Facial Palsy	Status
------------------------------	--------

03_03_04_01	Aetiology and pathology of facial palsy	Live
03_03_04_02	Assessment of patients with facial palsy	In progress
03_03_04_03	Facial reanimation	In progress
03_03_04_04	Static surgery for facial palsy	In progress
03_03_04_05	Non-surgical care for the paralysed face	In progress
03_03_04_06	Management of the eye and eyelids in facial palsy	In progress
03_03_04_07	Bell's palsy	Live

03_03_05 Surgical Techniques of the Globe, Eyelids and Orbit	Status
---	--------

03_03_05_01	Surgical protection of the cornea	
03_03_05_02	How to perform enucleation	
03_03_05_03	Reconstruction of the upper eyelid	In progress
03_03_05_04	Acquired upper eyelid ptosis	
03_03_05_05	Reconstruction of the lower eyelid	In progress
03_03_05_06	Ectropion	In progress
03_03_05_07	Entropion	

03_03_06 Aesthetic Procedures of the Face	Status
--	--------

03_03_06_01	Facial ageing	In progress
03_03_06_02	Topical agents for rejuvenation of facial skin	
03_03_06_03	Botulinum toxin for skin rejuvenation in the head and neck	In progress
03_03_06_04	Dermal fillers for static wrinkle lines and volume enhancement in the face	
03_03_06_05	Chemical peels for facial skin rejuvenation	
03_03_06_06	Role of lasers in facial rejuvenation	In progress
03_03_06_07	Anatomy of the SMAS	
03_03_06_08	Face lift	
03_03_06_09	Facial atrophy	
03_03_06_10	Facial redness - aetiology, assessment and treatment	

03_03_07 Aesthetic Procedures of the Eyelids	Status
---	--------

03_03_07_01	Upper lid blepharoplasty	
-------------	--------------------------	--

03_03_07_02 Lower lid blepharoplasty

03_04 - Plastic Surgery of the Nose

03_04_01 Introduction to Surgery of the Nose	Status
---	--------

- 03_04_01_01 Lethal mid-line granuloma
- 03_04_01_02 Diagnosis and management principles of rhinological CSF leak
- 03_04_01_03 Management of rhinological CSF leak
- 03_04_01_04 Wegener's granulomatosis
- 03_04_01_05 Surgical approaches to the nasopharynx and infra-temporal fossa
- 03_04_01_06 The nasal septum in septorhinology surgery

Live

03_04_02 Nasal Trauma	Status
------------------------------	--------

- 03_04_02_01 Management of nasal trauma
- 03_04_02_02 Total nasal reconstruction
- 03_04_02_03 Reconstruction of isolated defects of the nose

In progress

Live

03_04_03 Aesthetic Procedures on the Nose	Status
--	--------

- 03_04_03_01 Assessment of the patient requesting aesthetic nasal surgery
- 03_04_03_02 Endonasal techniques for aesthetic nasal surgery
- 03_04_03_03 Open techniques for aesthetic nasal surgery
- 03_04_03_04 Secondary aesthetic nasal surgery
- 03_04_03_05 Nasal development and nasal surgery in children
- 03_04_03_06 Rhinophyma

In progress

In progress

03_05 - Plastic Surgery of the Lips and Oral Cavity

03_05_01 Trauma of the Lips and Oral Cavity	Status
--	--------

- 03_05_01_01 Wounds of the lips, tongue and oral cavity
- 03_05_01_02 Revision of lip scars

Live

03_05_02 Tumours of the Lips	Status
-------------------------------------	--------

- 03_05_02_01 Aetiology and classification of lip tumours
- 03_05_02_02 Lip shave and resurfacing
- 03_05_02_03 Excision of lip tumours and reconstruction
- 03_05_02_04 Reconstruction of the oral commissure

In progress

In progress

03_05_03 Tumours of the Tongue and Oral Cavity	Status
---	--------

- 03_05_03_01 Aetiology and classification of cancer of the oral cavity
- 03_05_03_02 Diagnosis, investigation and staging of oral cancer
- 03_05_03_03 Management of pre-malignant conditions of the oral cavity
- 03_05_03_04 Surgery for tongue tumours
- 03_05_03_05 Surgery for tumours of the floor of mouth
- 03_05_03_06 Adjuvant therapy for malignancy of the lip and oral cavity
- 03_05_03_07 Palliation for inoperable oral cancer

03_05_04 Aesthetic Procedures of the Lips	Status
--	--------

03_05_04_01 Lip augmentation

03_05_04_02 Lip reduction

03_06 - Plastic Surgery of the Pinna

03_06_01 Introduction to Plastic Surgery of the Pinna	Status
03_06_01_01 Management of soft tissue infection of the pinna	In progress
03_06_01_02 Complications of surgery to the ear	
03_06_02 Trauma of the Pinna	Status
03_06_02_01 Management of trauma to the pinna	
03_06_02_02 Revascularisation of the avulsed ear	
03_06_03 Benign and Malignant Conditions of the Pinna	Status
03_06_03_01 Chondrodermatitis nodularis helices	Live
03_06_03_02 Malignant tumours of the pinna	In progress
03_06_03_03 Reconstruction of the pinna following trauma or malignancy	In progress
03_06_04 Aesthetic Procedures on the Pinna	Status
03_06_04_01 Prominent ears in the child and adult	In progress
03_06_04_02 Revision pinnaplasty	
03_06_04_03 Repair of split earlobe	
03_06_04_04 Earlobe reduction	

03_07 - The Salivary Glands

03_07_01 Introduction to Surgery of the Salivary Glands	Status
03_07_01_01 Anatomy of the parotid gland	Live
03_07_01_02 Anatomy of the submandibular and sublingual glands	In progress
03_07_02 Benign Conditions of the Salivary Glands	Status
03_07_02_01 Causes of generalised enlargement of the salivary glands	
03_07_02_02 Trauma to the salivary glands and their ducts	
03_07_02_03 Management of excessive salivation	
03_07_03 Salivary Gland Tumours	Status
03_07_03_01 Classification of salivary gland tumours	
03_07_03_02 Diagnosis and investigation of patients with salivary gland tumour	
03_07_03_03 Superficial parotidectomy	In progress
03_07_03_04 Radical parotidectomy	
03_07_03_05 Excision of the sublingual gland	
03_07_03_06 Excision of the submandibular gland	

03_08 Surgery of the Mid-Face

03_08_01 Introduction to Surgery of the Maxilla and Zygoma	Status
03_08_01_01 Applied anatomy of the maxilla and zygoma	
03_08_01_02 Diagnosis and investigation of injuries of the maxilla and zygoma	

03_08_02 Fractures of the Maxilla	Status
--	--------

- 03_08_02_01 Management of an isolated fracture of the zygoma
- 03_08_02_02 Management of maxillary fractures

03_08_03 Tumours of the Maxilla and Zygoma	Status
---	--------

- 03_08_03_01 Aetiology and classification of tumours of the maxilla
- 03_08_03_02 Diagnosis and staging of maxillary cancer
- 03_08_03_03 Maxillectomy
- 03_08_03_04 Maxillary prosthetics

03_08_04 Orthognathic Surgery of the Maxilla	Status
---	--------

- 03_08_04_01 Principles of orthognathic surgery
- 03_08_04_02 Maxillary advancement

03_09 - Surgery of the Mandible

03_09_01 Introduction to Surgery of the Mandible	Status
---	--------

- 03_09_01_01 Applied anatomy of the mandible
- 03_09_01_02 Mandibular osteotomy
- 03_09_01_03 Genioplasty
- 03_09_01_04 Disorders of the temporomandibular joint

03_09_02 Mandibular Fractures	Status
--------------------------------------	--------

- 03_09_02_01 Diagnosis and investigation of mandibular fractures
- 03_09_02_02 Management of mandibular fractures

03_09_03 Tumours of the Mandible	Status
---	--------

- 03_09_03_01 Aetiology and classification of tumours of the mandible
- 03_09_03_02 Diagnosis, investigation and staging of mandibular cancer
- 03_09_03_03 Mandibulectomy
- 03_09_03_04 Reconstruction of the mandible
- 03_09_03_05 Osteoradionecrosis of the mandible

03_10 - Surgery of the Neck

03_10_01 Introduction to Surgery of the Neck	Status
---	--------

- 03_10_01_01 Clinical assessment of the patient with a neck lump
- 03_10_01_02 Tracheostomy
- 03_10_01_03 Postoperative complications of neck surgery

03_10_02 Trauma of the Neck	Status
------------------------------------	--------

- 03_10_02_01 Penetrating injuries to the neck
- 03_10_02_02 Blunt trauma to the neck

03_10_03 Metastatic Disease in the Neck	Status
--	--------

- 03_10_03_01 Clinical assessment of neck metastases
- 03_10_03_02 Cervical lymph node dissection
- 03_10_03_03 Neck lymphadenopathy in carcinoma of unknown primary

03_10_03_04 Radiotherapy vs surgery for cervical lymphadenopathy

03_10_04 Aesthetic Surgery of the Neck	Status
---	--------

03_10_04_01 Neck lift

03_10_04_02 Management of platysmal bands

03_11 - Surgery of the Cranium and Skull Base

03_11_01 Introduction to Surgery of the Cranium and Skull Base	Status
---	--------

03_11_01_01 Craniofacial fractures

03_11_01_02 Raising a bi-coronal flap

03_11_01_03 Surgical access to the skull base

03_11_02 Tumours of the Cranium and Skull Base	Status
---	--------

03_11_02_01 Tumours of the skull base

03_11_02_02 Management of tumours of the skull base

MODULE 4—CONGENITAL HEAD, NECK AND SKIN

89 sessions

04_01 - Introduction to Congenital Head, Neck and Skin

04_01_01 Embryology and Development of the Head and Neck	Status
04_01_01_01 Embryology of the head and neck	Live
04_01_01_02 Postnatal growth and development of the head and neck	Live
04_01_02 Embryology and Development of the Skin	Status
04_01_02_01 Embryology of the skin	Live

04_02 - Cleft Lip and Palate

04_02_01 General Principles of Cleft Lip and Palate Surgery	Status
04_02_01_01 Epidemiology of cleft lip and palate	Live
04_02_01_02 The role of the multidisciplinary team in cleft lip and palate	Live
04_02_01_03 Role of restorative dentistry in cleft lip and palate deformities	In progress
04_02_01_04 Imaging in clefts and craniofacial anomalies	Live
04_02_01_05 Evaluation of treatment outcome in patients with cleft lip and palate	Live
04_02_02 Cleft Lip Surgery	Status
04_02_02_01 Anatomy of the cleft lip	Live
04_02_02_02 Preoperative assessment and management of cleft lip	Live
04_02_02_03 Primary surgical repair of the cleft lip	In progress
04_02_03 Cleft Palate Surgery	Status
04_02_03_01 Anatomy of the cleft palate	Live
04_02_03_02 Preoperative assessment and management of cleft palate	In progress
04_02_03_03 Primary surgical repair of the cleft palate	In progress
04_02_03_04 Pierre Robin sequence	Live
04_02_04 Surgery for the Cleft Alveolus	Status
04_02_04_01 Preoperative assessment and management of the cleft alveolus	
04_02_04_02 Surgery for the cleft alveolus	
04_02_05 Secondary Surgery for Cleft Lip and Palate	Status
04_02_05_01 Secondary surgery following cleft lip repair	
04_02_05_02 Secondary repair of the cleft palate	
04_02_05_03 Management of oronasal fistula following cleft palate repair	Live
04_02_06 Surgery for the Cleft Nasal Deformity	Status
04_02_06_01 Primary rhinoplasty for cleft lip nose	
04_02_06_02 Secondary rhinoplasty for cleft lip nose	
04_02_07 Orthognathic Surgery for Cleft Lip and Palate	Status
04_02_07_01 Principles of orthognathic surgery in cleft patients	
04_02_07_02 Orthognathic surgery for patients with cleft lip and palate	
04_02_08 Speech and Hearing Problems in Patients with Cleft Lip and Palate	Status

04_02_08_01	Speech assessment in cleft lip and palate	In progress
04_02_08_02	The role of speech therapy in cleft lip and palate	
04_02_08_03	Management of auditory problems in patients with cleft lip and palate	

04_02_09 Orthodontics in Patients with Cleft Lip and Palate	Status
--	--------

04_02_09_01	The role of orthodontics in cleft lip and palate	
04_02_09_02	Definitive orthodontics following eruption of the permanent dentition	

04_02_10 Psychological Support for Patients with Clefts and their Families	Status
---	--------

04_02_10_01	Psychological issues of cleft lip and palate	
04_02_10_02	Role of the psychologist in the cleft team	

04_02_11 Velopharyngeal speech dysfunction	Status
---	--------

04_02_11_01	Causes of velopharyngeal speech dysfunction	In progress
04_02_11_02	Multidisciplinary assessment of velopharyngeal speech dysfunction	In progress
04_02_11_03	Management of velopharyngeal speech dysfunction	

04_03 - Congenital Anomalies of the Face

04_03_01 Facial Clefts	Status
-------------------------------	--------

04_03_01_01	Tessier classification of facial clefts	In progress
04_03_01_02	Midline facial clefts	Live

04_03_02 Other Congenital Anomalies of the Face	Status
--	--------

04_03_02_01	Treacher Collins syndrome	
04_03_02_02	Facial dysostosis	
04_03_02_03	Facial microsomia	
04_03_02_04	Moebius syndrome	In progress

04_04 - Congenital Anomalies of the Orbit and Eyelids

04_04_01 Congenital Anomalies of the Orbit	Status
---	--------

04_04_01_01	Syndromes involving orbital defects	
04_04_01_02	Hypertelorism	
04_04_01_03	Orbital dystopia	
04_04_01_04	Telecanthus	
04_04_01_05	External angular dermoid	

04_04_02 Congenital Anomalies of the Eyelid	Status
--	--------

04_04_02_01	Congenital ptosis of the upper eyelid	
04_04_02_02	Epicanthal folds	

04_05 - Congenital Anomalies of the Nose

04_05_01 Nasal Clefts	Status
------------------------------	--------

04_05_01_01	Nasal clefts	
-------------	--------------	--

04_05_02 Other Congenital Anomalies of the Nose	Status
--	--------

04_05_02_01	Dermoid cyst of the nose	
-------------	--------------------------	--

04_06 - Congenital Anomalies of the Lips and Oral Cavity

04_06_01 Congenital Anomalies of the Lips	Status
04_06_01_01 Microstomia	
04_06_01_02 Macrostomia	
04_06_01_03 Lip pits	
04_06_02 Congenital Anomalies of the Oral Cavity	Status
04_06_02_01 Tongue tie	
04_06_02_02 Macroglossia	
04_06_02_03 Drooling	
04_06_02_04 Aplasia/hypoplasia of the salivary glands	

04_07 - Congenital Anomalies of the Ear

04_07_01 Congenital Anomalies of the Pinna	Status
04_07_01_01 Embryology of the pinna	Live
04_07_01_02 Microtia	Live
04_07_01_03 Cryptotia	Live
04_07_01_04 Constricted ear	
04_07_01_05 Lop ear	
04_07_01_06 Splinting for congenital abnormalities of the pinna	
04_07_02 Congenital Anomalies of the Preauricular Skin	Status
04_07_02_01 Preauricular sinuses and skin tags	

04_08 - Congenital Anomalies of the Neck

04_08_01 Congenital Swellings of the Neck	Status
04_08_01_01 Management of branchial remnants	
04_08_01_02 Mid-line dermoid cyst of the neck	
04_08_01_03 Thyroglossal duct cyst	
04_08_02 Congenital Webbing of the Neck	Status
04_08_02_01 Turner's syndrome	

04_09 - Congenital Anomalies of the Cranium, Scalp and Forehead

04_09_01 Craniosynostosis	Status
04_09_01_01 Aetiology and classification of craniosynostosis	Live
04_09_01_02 Principles of management of craniosynostosis	Live
04_09_01_03 Surgical techniques for correction of craniosynostosis	In progress
04_09_02 Syndromes Associated with Anomalies of the Cranium	Status
04_09_02_01 Crouzon syndrome	Live
04_09_02_02 Apert syndrome	Live
04_09_02_03 Carpenter syndrome	

04_09_03 Congenital Anomalies of the Forehead and Scalp	Status
--	--------

- 04_09_03_01 Coup de sabre
- 04_09_03_02 Congenital alopecia

04_10 - Congenital Anomalies of the Skin

04_10_01 Congenital Pigmented Skin Lesions	Status
---	--------

- 04_10_01_01 Congenital melanocytic naevi
- 04_10_01_02 Management of congenital giant hairy pigmented naevus
- 04_10_01_03 Rarer congenital pigmented skin lesions

04_10_02 Congenital Vascular Skin Lesions	Status
--	--------

- 04_10_02_01 Classification of congenital vascular disorders of the skin
- 04_10_02_02 Capillary malformation
- 04_10_02_03 Syndromes associated with congenital capillary malformation
- 04_10_02_04 Treatment of cutaneous capillary malformation
- 04_10_02_05 Management of high flow vascular malformations
- 04_10_02_06 Venous malformations
- 04_10_02_07 Infantile haemangioma (strawberry mark)
- 04_10_02_08 Management of infantile haemangioma
- 04_10_02_09 Lymphatic vascular malformations

04_10_03 Other Congenital Skin Lesions	Status
---	--------

- 04_10_03_01 Tuberous sclerosis
- 04_10_03_02 Lipodystrophy

MODULE 5 - UPPER LIMB

130 sessions

05_01 - General Principles of Upper Limb Surgery

05_01_01 Anatomy of the Upper Limb		Status
05_01_01_01	Anatomy of the brachial plexus	Live
05_01_01_02	Anatomy of the arm	Live
05_01_01_03	Anatomy of the antecubital fossa	In progress
05_01_01_04	Anatomy of the forearm	Live
05_01_01_05	Anatomy of the flexor tendon sheaths and palmar spaces	Live
05_01_01_06	Anatomy of the wrist and carpal tunnel	Live
05_01_01_07	Anatomy of the palmar fascia	Live
05_01_01_08	Anatomy of the median, ulnar and radial nerves	In progress
05_01_02 Assessment of the Upper Limb		Status
05_01_02_01	Examination of the upper limb	In progress
05_01_02_02	Examination of the upper limb in children	In progress
05_01_02_03	Functional assessment of the upper limb	In progress
05_01_02_04	Imaging of the upper limb	In progress
05_01_03 Anaesthesia for Upper Limb Surgery		Status
05_01_03_01	Digital nerve block	In progress
05_01_03_02	Median, ulnar and radial nerve blocks	In progress
05_01_03_03	Brachial plexus nerve block	In progress
05_01_04 Surgical Techniques in the Upper Limb		Status
05_01_04_01	Skin incisions in the hand	Live
05_01_04_02	Toe to hand transfers	In progress
05_01_04_03	Amputation of the digits and hands	In progress
05_01_04_04	Proximal amputations in the upper limb	In progress
05_01_04_05	Transplants in the upper limb	
05_01_04_06	Block dissection of axillary lymph nodes	In progress
05_01_05 Rehabilitation of the Upper Limb		Status
05_01_05_01	Role of the therapist in upper limb rehabilitation	
05_01_05_02	Prostheses in the upper limb	
05_01_05_03	Psychological adjustment to hand disability	
05_01_06 Aesthetic Surgery in the Upper Limb		Status
05_01_06_01	Arm contouring	In progress
05_01_06_02	Hand rejuvenation	In progress
05_01_06_03	Hyperhidrosis in the palm and axilla	In progress

05_02 - Congenital Anomalies of the Upper Limb

05_02_01 Embryology of the Upper Limb		Status
05_02_01_01	Embryology and development of the upper limb	In progress

05_02_01_02	Aetiology and classification of congenital anomalies of the hand	In progress
05_02_02 Congenital Deficiencies of the Upper Limb		Status
05_02_02_01	Transverse deficiencies in the upper limb	In progress
05_02_02_02	Phocomelia in the upper limb	In progress
05_02_02_03	Radial and ulnar club dysplasia	In progress
05_02_02_04	Cleft hand	In progress
05_02_02_05	Synostosis of the hand	In progress
05_02_02_06	Aplasia and hypoplasia of the thumb	In progress
05_02_03 Congenital Failure of Separation in the Upper Limb		Status
05_02_03_01	Syndactyly - assessment and primary surgery	In progress
05_02_03_02	Syndactyly - secondary surgery	In progress
05_02_03_03	Symphalangism	In progress
05_02_04 Congenital Duplications in the Upper Limb		Status
05_02_04_01	Thumb duplication and hyperphalangism	In progress
05_02_04_02	Polydactyly in the hand	In progress
05_02_05 Miscellaneous Congenital Anomalies in the Upper Limb		Status
05_02_05_01	Macroductyly in the hand	In progress
05_02_05_02	Arthrogryposis	In progress
05_02_05_03	Congenital anomalies of the tendons in the hand	In progress
05_02_05_04	The curved digit in the hand	In progress
05_02_05_05	The windblown hand	In progress
05_02_05_06	Abducted thumb	In progress
05_02_05_07	Congenital constriction bands in the upper limb	In progress
05_02_05_08	Congenital vascular anomalies in the upper limb	In progress
05_03 - Trauma in the Upper Limb		
05_03_01 Skin and Soft Tissue Trauma in the Upper Limb		Status
05_03_01_01	Fingertip and nail bed injuries	Live
05_03_01_02	Skin and soft tissue injuries in the hand	In progress
05_03_01_03	Skin and soft tissue injuries in the forearm and arm	In progress
05_03_01_04	Management of bites in the upper limb	Live
05_03_02 Fractures and Dislocations of the Hand and Wrist		Status
05_03_02_01	Fractures of the thumb and fingers	In progress
05_03_02_02	Metacarpal fractures	In progress
05_03_02_03	Dislocation of the interphalangeal and metacarpophalangeal joints	In progress
05_03_02_04	Volar plate injuries of the interphalangeal joints	In progress
05_03_02_05	Collateral ligament injuries in the thumb MCP joint	In progress
05_03_02_06	Fractures and dislocations of the carpus	In progress
05_03_02_07	Epiphyseal fractures in the child's hand	Live

05_03_02_08	Scaphoid fractures	Live
05_03_02_09	Biomechanics of the carpus and wrist	In progress
05_03_02_10	Instability of the wrist	In progress

05_03_03 Muscle and Tendon Injuries in the Upper Limb	Status
--	--------

05_03_03_01	Classification of flexor tendon injuries in the hand and forearm	Live
05_03_03_02	Primary repair of flexor tendons in the hand and forearm	Live
05_03_03_03	Rehabilitation following flexor tendon repair in the hand and forearm	In progress
05_03_03_04	Complications of flexor tendon injuries in the hand and forearm	In progress
05_03_03_05	Primary repair of extensor tendons in the hand and forearm	Live
05_03_03_06	Rehabilitation following extensor tendon injuries in the hand and forearm	In progress
05_03_03_07	Complications of extensor tendon injuries in the hand and forearm	In progress
05_03_03_08	Mallet deformity in the digit	Live

05_03_04 Brachial Plexus Injury	Status
--	--------

05_03_04_01	Mechanism and patterns of brachial plexus injury	In progress
05_03_04_02	Early management of brachial plexus injury	In progress
05_03_04_03	Late management of brachial plexus injury	In progress

05_03_05 Peripheral Nerve Injury in the Upper Limb	Status
---	--------

05_03_05_01	Median nerve injury	In progress
05_03_05_02	Ulnar nerve injury	In progress
05_03_05_03	Radial nerve injury	In progress

05_03_06 Traumatic Amputation in the Upper Limb	Status
--	--------

05_03_06_01	Mechanism and patterns of amputation and avulsion in the upper limb	In progress
05_03_06_02	Techniques for revascularisation and replantation of the digit	Live
05_03_06_03	Techniques for revascularisation and replantation of hand, forearm and arm	In progress
05_03_06_04	Special considerations for blast injuries of the upper limb	In progress

05_04 - Infections in the Upper Limb

05_04_01 Soft Tissue Infections in the Upper Limb	Status
--	--------

05_04_01_01	Finger tip infections	Live
05_04_01_02	Flexor tendon sheath and palmar space infections	In progress
05_04_01_03	Hydradenitis suppurativa of the axilla	In progress

05_04_02 Bone and Joint Infections in the Upper Limb	Status
---	--------

05_04_02_01	Osteomyelitis in the hand	In progress
05_04_02_02	Septic arthritis in the hand	In progress

05_05 - Neurological Abnormalities of the Upper Limb

05_05_01 Nerve Compression Syndromes in the Upper Limb	Status
---	--------

05_05_01_01	Thoracic outlet nerve compression	In progress
05_05_01_02	Median nerve compression syndromes - diagnosis	Live
05_05_01_03	Surgery for median nerve compression	In progress

05_05_01_04	Ulnar nerve compression syndromes - diagnosis	In progress
05_05_01_05	Surgery for ulnar nerve compression	In progress

05_05_02 Nerve Palsies in the Upper Limb	Status
---	--------

05_05_02_01	The paralysed and spastic hand	In progress
05_05_02_02	Principles of tendon transfer for nerve palsies in the upper limb	Live
05_05_02_03	Tendon transfer for ulnar nerve palsy	Live
05_05_02_04	Tendon transfer for median nerve palsy	Live
05_05_02_05	Tendon transfer for radial nerve palsy	In progress

05_05_03 Pain Syndromes in the Upper Limb	Status
--	--------

05_05_03_01	Work-related disorders in the upper limb	In progress
05_05_03_02	Complex regional pain syndromes in the upper limb	In progress

05_06 - Vascular Abnormalities of the Upper Limb

05_06_01 Vascular Emergencies in the Upper Limb	Status
--	--------

05_06_01_01	Acute ischaemia in the upper limb	In progress
05_06_01_02	Acute compartment syndrome in the upper limb	In progress

05_06_02 Chronic Ischaemia in the Upper Limb	Status
---	--------

05_06_02_01	Vasospastic disorders of the hand
05_06_02_02	Ischaemic contractures of the hand

05_07 - Degenerative Disorders of the Upper Limb

05_07_01 Dupuytren's Disease	Status
-------------------------------------	--------

05_07_01_01	Aetiology and pathology of Dupuytren's disease	In progress
05_07_01_02	Examination of the hand in Dupuytren's disease	Live
05_07_01_03	Minimally invasive surgery for Dupuytren's disease	In progress
05_07_01_04	Fasciectomy for Dupuytren's disease	Live
05_07_01_05	Dermofasciectomy for Dupuytren's disease	In progress
05_07_01_06	Management of the contracted PIP joint in Dupuytren's disease	In progress

05_07_02 Tendinosis in the Upper Limb	Status
--	--------

05_07_02_01	De Quervain's tendinosis	In progress
05_07_02_02	Acquired trigger digit	In progress

05_08 - Arthropathies in the Upper Limb

05_08_01 Introduction to Arthropathies in the Upper Limb	Status
---	--------

05_08_01_01	Arthropathies of the upper limb	In progress
05_08_01_02	Assessment of the arthritic hand	In progress

05_08_02 Osteoarthritis in the Hand and Wrist	Status
--	--------

05_08_02_01	Pathological features of osteoarthritis in the hand and wrist	In progress
05_08_02_02	Management of osteoarthritis in the hand and wrist	In progress

05_08_03 Rheumatoid Disease in the Hand and Wrist	Status
--	--------

05_08_03_01	Pathological features of rheumatoid disease of the hand and wrist	In progress
-------------	---	-------------

05_08_03_02	Non-surgical management of rheumatoid disease in the hand and wrist	In progress
05_08_03_03	Surgical management of rheumatoid disease in the MCP joints	In progress
05_08_03_04	Surgical management of rheumatoid disease in the wrist	In progress
05_08_03_05	Surgical management of rheumatoid disease in the thumb	In progress
05_08_03_06	Tendon rupture in rheumatoid disease in the hand and wrist	In progress
05_08_03_07	Swan neck and Boutonnière deformity in rheumatoid disease	In progress

05_08_04 Other Arthropathies in the Hand and Wrist	Status
---	--------

05_08_04_01	Psoriatic arthritis	In progress
05_08_04_02	Gout in the upper limb	In progress
05_08_04_03	Arthropathy of the radiocarpal and distal radioulnar joint	In progress

05_09 - Tumours in the Upper Limb

05_09_01 Bone Tumours in the Upper Limb	Status
--	--------

05_09_01_01	Benign bone tumours and cysts in the hand	In progress
05_09_01_02	Malignant bone tumours in the upper limb	In progress
05_09_01_03	Reconstruction of the arm/forearm following surgery for bone malignancy	

05_09_02 Soft Tissue Tumours in the Upper Limb	Status
---	--------

05_09_02_01	Nerve tumours in the upper limb	In progress
05_09_02_02	Management of ganglion in the hand	In progress
05_09_02_03	Glomus tumour in the hand	In progress
05_09_02_04	Giant cell tumour of the tendon sheath in the upper limb	In progress

MODULE 6 - BREAST AND CHEST

83 sessions

06_01 - Introduction to Breast Surgery

06_01_01 Anatomy of the Breast		Status
06_01_01_01	Anatomy of the breast	Live
06_01_01_02	Anatomy of the axilla	Live
06_01_01_03	Anatomy of the pectoral region	In progress
06_01_01_04	Embryology and development of the breast	In progress
06_01_02 Breast Imaging		Status
06_01_02_01	Introduction to breast imaging	Live
06_01_02_02	Radiological assessment of women with breast implants	Live

06_02 - Benign Conditions of the Breast

06_02_01 Congenital and Developmental Disorders of the Breast		Status
06_02_01_01	Breast aplasia and hypoplasia	Live
06_02_01_02	Juvenile breast hypertrophy	In progress
06_02_01_03	Ectopic breast tissue	Live
06_02_01_04	Inverted nipple	In progress
06_02_02 Inflammatory Conditions of the Breast		Status
06_02_02_01	Cyclical and non-cyclical breast pain	In progress
06_02_02_02	Mastitis and breast abscess	In progress
06_02_03 Benign Breast Tumours		Status
06_02_03_01	Benign breast cysts and tumours	In progress
06_02_03_02	Duct ectasia	Live

06_03 - Breast Cancer

06_03_01 Clinical Presentation of Breast Cancer		Status
06_03_01_01	The multidisciplinary team for breast surgery	In progress
06_03_01_02	Clinical examination of the patient with a suspicious breast lump	Live
06_03_01_03	Local and distant spread of breast cancer	In progress
06_03_01_04	Staging and prognosis of breast cancer	In progress
06_03_01_05	The significance of family history and the role for genetic testing	In progress
06_03_01_06	Cancer of the male breast	In progress
06_03_01_07	Breast cancer in the very elderly patient	In progress
06_03_02 Investigation of Breast Cancer		Status
06_03_02_01	Pathology and epidemiology of breast cancer	In progress
06_03_02_02	Screening for breast cancer	In progress
06_03_02_03	Tumour markers in breast cancer	In progress
06_03_02_04	Investigation of a patient with a breast lump	In progress
06_03_02_05	Surveillance strategies for follow-up of patients with breast cancer	In progress

06_03_03 Surgical Therapy for Breast Cancer		Status
06_03_03_01	Wide local excision of breast cancer	Live
06_03_03_02	Prophylactic mastectomy	In progress
06_03_03_03	Skin-sparing mastectomy	Live
06_03_03_04	Surgery for locally recurrent breast cancer	In progress
06_03_03_05	Total mastectomy	Live
06_03_03_06	Oncoplastic breast reduction	In progress
06_03_03_07	Sentinel node biopsy in breast cancer	In progress
06_03_03_08	Axillary sampling and axillary clearance in breast cancer	In progress
06_03_03_09	Complex regional pain syndromes following breast and axillary surgery	In progress
06_03_04 Systemic Therapy Approaches to Breast Cancer		Status
06_03_04_01	The role of adjuvant and neoadjuvant chemotherapy for breast cancer	In progress
06_03_04_02	Chemotherapy for breast cancer	In progress
06_03_04_03	Hormonal therapy for breast cancer	In progress
06_03_04_04	The role of biological agents for breast cancer	In progress
06_03_04_05	Chemotherapy for recurrent and metastatic breast cancer	In progress
06_03_05 Radiotherapy Approaches to Breast Cancer		Status
06_03_05_01	The role of radiotherapy in primary breast cancer	In progress
06_03_05_02	Radiotherapy for recurrent and metastatic breast cancer	In progress
06_03_06 Palliative Care Approaches for Breast Cancer		Status
06_03_06_01	Symptom control in palliative care for breast cancer	
06_03_06_02	Surgery for palliation of fungating disease	In progress
06_03_07 Future Directions in Breast Cancer		Status
06_03_07_01	Recent trends and future developments in breast cancer	In progress
06_03_08 Breast Reconstruction Following Breast Cancer		Status
06_03_08_01	Choices in breast reconstruction	In progress
06_03_08_02	Tissue expansion for breast reconstruction	In progress
06_03_08_03	Latissimus dorsi flap reconstruction of the breast	Live
06_03_08_04	Autologous tissue for reconstruction of the breast	Live
06_03_08_05	Abdominal flaps in breast reconstruction	Live
06_03_08_06	Buttock flaps for breast reconstruction	Live
06_03_08_07	Other sources of autologous tissue for breast reconstruction	In progress
06_03_08_08	Reshaping the reconstructed breast mound	In progress
06_03_08_09	Nipple-areolar reconstruction	Live
06_03_08_10	Correction of deformity following wide local excision of a breast lump	In progress
06_03_08_11	Fat transfer for breast reconstruction	In progress

06_04 - Aesthetic Surgery of the Breast

06_04_01 Introduction to Breast Aesthetics		Status
---	--	--------

06_04_01_01	Aesthetics of breast shape and size	In progress
06_04_01_02	Breast asymmetry - assessment and treatment	In progress
06_04_02 Breast Augmentation		Status
06_04_02_01	Assessment of the patient requesting breast augmentation	Live
06_04_02_02	Breast implants	In progress
06_04_02_03	Breast augmentation using implants	In progress
06_04_02_04	Non-surgical breast augmentation techniques	In progress
06_04_02_05	Capsular contracture around breast implants	Live
06_04_03 Breast Reduction and Mastopexy		Status
06_04_03_01	Assessment of the patient requesting breast reduction	Live
06_04_03_02	Choice of procedure for breast reduction	In progress
06_04_03_03	Complications of breast reduction surgery	In progress
06_04_03_04	Breast ptosis	In progress
06_04_04 Gynaecomastia		Status
06_04_04_01	Aetiology and investigation of gynaecomastia	Live
06_04_04_02	Treatment of gynaecomastia	In progress
06_04_05 Breast Surgery in Gender Reassignment		Status
06_04_05_01	Breast surgery in male-to-female gender reaffirmation	In progress
06_04_05_02	Breast surgery in female-to-male gender reaffirmation	In progress
06_05 - Chest Wall Surgery		
06_05_01 Anatomy of the Chest Wall		Status
06_05_01_01	Anatomy of the thoracic wall	In progress
06_05_01_02	Anatomy of the scapular region	In progress
06_05_02 Wounds of the Chest Wall		Status
06_05_02_01	Management of wounds of the chest wall	
06_05_02_02	Closure of defects following dehiscence of sternotomy wounds	Live
06_05_02_03	Skin and soft tissue cover for exposed metalwork in thoracic spine	
06_05_03 Tumours of the Chest Wall		Status
06_05_03_01	Pathology of chest wall tumours	In progress
06_05_03_02	Examination and investigation of patients with a chest wall tumour	In progress
06_05_03_03	Surgical excision of chest wall tumours	In progress
06_05_03_04	Chest wall reconstruction following radiotherapy	In progress
06_05_04 Aesthetic Procedures of the Chest Wall		Status
06_05_04_01	Correction of pectus carinatum	In progress
06_05_04_02	Correction of pectus excavatum	In progress
06_05_04_03	Pectoral augmentation	In progress

MODULE 7 - LOWER TRUNK

60 sessions

07_01 - Surgery of the Anterior Abdominal Wall

07_01_01 Introduction to Surgery of the Anterior Abdominal Wall		Status
07_01_01_01	Applied anatomy of the anterior abdominal wall	In progress
07_01_01_02	Congenital defects of the anterior abdominal wall	In progress
07_01_01_03	Assessment and management of anterior abdominal wall injuries	In progress
07_01_01_04	Repair of massive abdominal herniae	In progress
07_01_01_05	Repair of dehiscence of abdominal incisions	In progress
07_01_02 Aesthetic Procedures of the Anterior Abdominal Wall		Status
07_01_02_01	Assessment of patients requesting surgery to the anterior abdominal wall	
07_01_02_02	Liposuction for recontouring the abdominal wall	
07_01_02_03	Abdominoplasty	In progress
07_01_02_04	Mini-abdominoplasty	Live
07_01_02_05	Abdominal lipectomy	In progress
07_01_02_06	Abdominal wall recontouring following massive weight loss	In progress
07_01_02_07	Umbilical reconstruction	In progress

07_02 - Surgery of the Back and Buttocks

07_02_01 Introduction to Surgery of the Back and Buttocks		Status
07_02_01_01	Applied anatomy of the back and buttocks	In progress
07_02_01_02	Applied anatomy of the per-anal region	
07_02_02 Surgical Procedures on the Back and Buttocks		Status
07_02_01_01	Role of the plastic surgeon in the management of spina bifida	In progress
07_02_01_02	Pilonidal sinus	In progress
07_02_01_03	Skin and soft tissue cover for exposed spinal metalwork	In progress

07_03 - Pressure Sores

07_03_01 Introduction to Pressure Sores		Status
07_03_01_01	Classification and aetiology of pressure sores	In progress
07_03_01_02	Role of the therapist in the treatment of pressure sores	
07_03_01_03	Conservative management of pressure sores	In progress
07_03_02 Surgery for Pressure Sores		Status
07_03_02_01	Preoperative preparation of the patient with a pressure sore	
07_03_02_02	Principles of surgery for pressure sores	In progress
07_03_02_03	Surgical repair of sacral pressure sores	In progress
07_03_02_04	Surgical repair of ischial pressure sores	Live
07_03_02_05	Surgical repair of trochanteric pressure sores	In progress

07_04 - Surgery of the Perineum

07_04_01 Introduction to Surgery of the Perineum		Status

07_04_01_01 Applied anatomy of the perineum - anal triangle/canal/ischiorectal fossa

07_04_02 Surgical Procedures in the Perineum	Status
07_04_02_01 Plastic surgery for perianal disease	In progress
07_04_02_02 Lichen sclerosis of the perineum and genitalia	
07_04_02_03 Hydradenitis suppurativa of the perineum	In progress
07_04_02_04 Flaps for perineal reconstruction	In progress

07_05 - Surgery of the Male Genitalia

07_05_01 Introduction to Surgery of the Male Genitalia	Status
07_05_01_01 Anatomy of the male urogenital triangle - scrotum, penis and urethra	
07_05_01_02 Embryology and development of the male genitalia	Live
07_05_01_03 Trauma of the male genitalia	In progress
07_05_01_04 Penile tumours	In progress
07_05_01_05 Balanitis xerotica obliterans	In progress
07_05_01_06 Penile reconstruction	In progress
07_05_01_07 Aesthetic enhancement of the penis	

07_05_02 Hypospadias	Status
07_05_02_01 Classification of hypospadias	Live
07_05_02_02 One-stage techniques for surgical reconstruction of hypospadias	In progress
07_05_02_03 Two-stage techniques for surgical reconstruction of hypospadias	In progress
07_05_02_04 Complications of surgery for hypospadias	In progress
07_05_02_05 Secondary reconstruction of hypospadias	In progress

07_05_03 Epispadias/Exstrophy of the Bladder	Status
07_05_02_01 Description of epispadias/exstrophy of the bladder	
07_05_02_02 Management of the abdominal and pelvic defect in epispadias/exstrophy	
07_05_02_03 Repair of the genital defect in epispadias/exstrophy	

07_06 - Surgery of the Female Genitalia

07_06_01 Introduction to Surgery of the Female Genitalia	Status
07_06_01_01 Applied anatomy of the vulva and vagina	Live
07_06_01_02 Embryology and development of the female genitalia	
07_06_01_03 Trauma of the vulva and vagina	
07_06_01_04 Congenital anomalies of the vulva and vagina	
07_06_01_05 Tumours of the vulva and vagina	

07_06_02 Reconstructive Surgery of the Female Genitalia	Status
07_06_02_01 Vaginal fistulae	
07_06_02_02 Vulval reconstruction	
07_06_02_03 Vaginal reconstruction	
07_06_02_04 Reconstruction following female genital mutilation	

07_06_03 Aesthetic Surgery of the Female Genitalia	Status
---	--------

07_06_03_01 Vulvoplasty

07_06_03_02 Vaginal enhancement

07_07 - Gender Reassignment

07_07_01 Male-to-Female Gender Reassignment	Status
--	--------

07_07_01_01 Genital surgery for male-to-female gender reassignment

07_07_01_02 Secondary surgery to genitalia in male-to-female gender reassignment

07_07_02 Female-to-Male Gender Reassignment	Status
--	--------

07_07_02_01 Genital surgery for female-to-male gender reassignment

07_07_02_02 Secondary surgery to genitalia in female-to-male gender reassignment

MODULE 8 - LOWER LIMB

56 sessions

08_01 - Introduction to Lower Limb Surgery

08_01_01 Anatomy of the Lower Limb		Status
08_01_01_01	Applied anatomy of the inguinal region and femoral triangle	In progress
08_01_01_02	Applied anatomy of the compartments of the lower leg	In progress
08_01_01_03	Applied anatomy of the gluteal region	In progress
08_01_01_04	Applied anatomy of the popliteal fossa	Live
08_01_01_05	Applied anatomy of the foot and ankle	In progress
08_01_02 Imaging of the Lower Limb		Status
08_02_01_01	Imaging the muscles and soft tissues of the lower limb	In progress
08_02_01_02	Imaging the arteries and veins of the lower limb	
08_01_03 Infection in the Lower Limb		Status
08_01_03_01	Cellulitis of the lower limb	Live
08_01_03_02	Chronic osteomyelitis in the lower limb	Live
08_01_04 Oncology in the Lower Limb		Status
08_01_04_01	Soft tissue sarcoma in the lower limb	Live
08_01_04_02	Bone cancer in the lower limb	In progress
08_01_04_03	Inguinal lymph node dissection	In progress
08_01_05 Lymphoedema of the Lower Limb		Status
08_01_05_01	Non-surgical management of lymphoedema of the lower limb	Live
08_01_05_02	Surgical management of lymphoedema of the lower limb	Live
08_01_06 Vascular Abnormalities of the Lower Limb		Status
08_01_06_01	Congenital vascular malformations in the lower limb	In progress
08_01_06_02	Leg ulcers	In progress

08_02 - Lower Limb Trauma

08_02_01 General Principles of Lower Limb Trauma		Status
08_02_01_01	Role of imaging in lower limb trauma	In progress
08_02_01_02	Pre-tibial injuries	In progress
08_02_01_03	Classification of severe lower limb trauma	Live
08_02_01_04	Salvage surgery for severe lower limb trauma	In progress
08_02_01_05	Role of amputation in management of severe lower limb trauma	Live
08_02_01_06	Outcome measures in severe lower limb trauma	Live
08_02_01_07	Vascular injuries in the lower limb	In progress
08_02_01_08	Acute compartment syndrome in the lower limb	Live
08_02_02 Open Fractures of the Lower Limb		Status
08_02_02_01	Initial management of open fractures of the lower limb	Live
08_02_02_02	Wound excision for open fractures of the lower limb	Live
08_02_02_03	Skeletal fixation of open fractures of the lower limb	In progress

08_02_02_04	Soft tissue reconstruction of open fractures of the lower limb	Live
08_02_02_05	Open fractures of the foot and ankle	In progress
08_02_02_06	Complications of open fractures of the lower limb	Live
08_02_02_07	Management of bone loss in open fractures of the lower limb	Live
08_02_02_08	Special considerations for blast injuries of the lower limb	In progress

08_03 - Surgical Procedures in the Lower Limb

08_03_01 Flaps for Skin and Soft Tissue Cover in the Lower Limb		Status
08_03_01_01	Flaps for skin and soft tissue cover in the thigh	In progress
08_03_01_02	Flaps for skin and soft tissue cover of the knee	In progress
08_03_01_03	Flaps for skin and soft tissue cover in the proximal one-third of the leg	In progress
08_03_01_04	Flaps for skin and soft tissue cover in the middle one-third of the leg	In progress
08_03_01_05	Flaps for skin and soft tissue cover in the distal one-third of the leg	In progress
08_03_01_06	Flaps for skin and soft tissue cover of the ankle	In progress
08_03_01_07	Flaps for skin and soft tissue cover of the foot	In progress
08_03_02 Amputations in the Lower Limb		Status
08_03_02_01	Principles of lower limb amputation	Live
08_03_02_02	Below knee amputation	In progress
08_03_02_03	Through knee amputation	In progress
08_03_02_04	Above knee amputation	In progress
08_03_02_05	Through ankle amputation	In progress
08_03_02_06	Forefoot amputation	In progress
08_03_02_07	Hind-quarter amputation	In progress
08_03_02_08	Toe amputations	In progress
08_03_02_09	Rehabilitation following lower limb amputation	Live
08_03_02_10	Secondary surgery following lower limb amputation	In progress
08_03_03 Aesthetic Surgery of the Lower Limb		Status
08_03_03_01	Skin tightening procedures in the lower limb	
08_03_03_02	Liposuction in the lower limb	In progress
08_03_03_03	Implants for enhancement in the lower limb	
08_03_03_04	Leg thread veins	In progress
08_04_04 Miscellaneous Surgical Procedures in the Lower Limb		Status
08_04_04_01	Sural nerve graft	In progress
08_04_04_02	Fascia lata graft	In progress
08_04_04_03	Dupuytren's disease of the feet	In progress

MODULE 9 - BURNS

94 sessions

09_01 - General Principles of Burns

09_01_01 Introduction to Burns		Status
09_01_01_01	Epidemiology and aetiology of burns	Live
09_01_01_02	Principles of prevention of burns	Live
09_01_01_03	Organisation of burn care networks	Live
09_01_01_04	Principles of designing a burn in-patient service	In progress
09_01_01_05	The multidisciplinary burn care team	Live
09_01_01_06	Tissue banking for burn services	Live
09_01_02 Pathology of Burns		Status
09_01_02_01	Local response to burn injury	Live
09_01_02_02	Systemic response to burn injury	Live
09_01_02_03	Burn wound healing	In progress
09_01_02_04	Blistering skin disorders	Live
09_01_02_05	Chemical burns	Live
09_01_02_06	Electrical burns	Live
09_01_02_07	Radiation burns	Live
09_01_02_08	Cold injury	Live
09_01_02_09	Forensic aspects of burns	Live
09_01_02_10	Non-accidental burns in children and vulnerable adults	Live
09_01_03 Outcomes of Burn Injury		Status
09_01_03_01	Assessment of outcomes in patients with burns	Live
09_01_03_02	Data collection in burns	Live
09_01_03_03	Optimisation of outcomes in patients with burns	Live

09_02 - Initial Management of Burns

09_02_01 Assessment of Burn Patients		Status
09_02_01_01	Initial assessment of the burn patient	Live
09_02_01_02	Estimation of burn extent	Live
09_02_01_03	Clinical assessment of burn wound depth	Live
09_02_01_04	Using technology to assess burn wound depth	Live
09_02_02 Resuscitation of Burn Patients		Status
09_02_02_01	Fluid resuscitation in burns	Live
09_02_02_02	Monitoring the patient with a major burn	Live
09_02_02_03	Pain control in burns	Live
09_02_02_04	Cardiovascular support in major burns	Live
09_02_02_05	Comfort care for patients with non-survivable burns	Live
09_02_03 Referral and Transportation of Burn Patients		Status
09_02_03_01	Referral criteria for patients with burns	Live

09_02_03_02	The role of telemedicine in burns referrals	Live
09_02_03_03	Safe transportation of the patient with a complex burn	Live

09_02_04 Care of the Burn Wound	Status
--	--------
